“ I only knew Georgie a few short years when she moved to the EBENSBURG Center. She got her cookies and paper every day! When I asked for a kiss she would always blow me a kiss and I would give her one back! She was always up for a hug too!! I loved that little lady so much as did everyone who took care of her. Our area is not quite the same without her! God bless our Georgie. She was loved by so many! Love you dollbaby

“ I was a nurse at Polk Center and cared for Georgie. She was a breath of fresh air when ever I was around her. Her happy smiles were always there for everyone and her laughter was very contagious to all around her. May she rest in peace.

“ *I was blessed to work with Georgie at Meadowside Cottage B. Georgie loved her independence, walking, visiting and looking for a snack or drink. At Halloween she always had some of the coolest costumes! She adored Craig Hess who I'm sure will have special snacks and a seat waiting for her in heaven!* ”

“ *I had the pleasure of working with Georgia at Polk Center. The only time I ever saw her without a smile is when she wasn't feeling well. She had the most infectious laugh and when she saw you laughing she would laugh more! Which in turn would make you laugh more! My stomach hurt a lot while working with her. She was indeed a very special person and will be missed by all who knew her.* ”
