“ Amy and Chris,
My name is Dana. I am one of the RNs at Premier Women’s Health. I have been following this heartbreaking journey through updates from my Docs. You have been a source of prayers, tears and concern throughout the entire office. No words can be expressed to make this easier, but know that you are both in our thoughts and will have always left a mark on our hearts. You’ve become our family and one of our own, and we have taken the loss of your beautiful daughter, Hallie, with heaviness on our hearts. We are here for you always! If you need anything at all, you have a team behind you. All my love to you all,
Dana

“ Amy
I am truly sorry for your heartbreak and sadness. I pray you feel God’s comfort around you and the love and prayers. May your heart be warm, knowing that the first thing that Hallie saw when she opened her eyes was Jesus.
