“ *My husband is from England and has never felt as at home as he did at my Aunt Patty's. He gave her a compliment I have never heard him give anyone as we left after our first visit. He said , “We can come back and visit her anytime. She was proper. She offered us coffee as we arrived. Her home is neat and tidy. She could be English.”*

To my Aunt Patty who made a grumpy Englishman almost happy for an afternoon.
