“ Grew up with Vince as many of us who lived in West did. He was a great guy and back in the day all of us no matter if you were a girl or guy were always together out playing and enjoying life. As I age I realize the life we shared the fun we had and the friends we were can never be repeated. We are all tied to each other in some ways and always will be. This LOVE for each other will be with us until it's are turn to go and I do believe will be there in our afterlife. Farewell our friend till we meet again.
